Product Specification Sheet

Targus 15.6” BTS Gravity Backpack (Gray/Blue)

Part #: TSB150US

Product Description:

The BTS Gravity Backpack is designed to protect laptops with up to 15.6" screens. In addition to the laptop section, this backpack features a variety of storage options including a large compartment for books, binders and other supplies. The accessory storage pocket provides quick-access to pens, cell phone and other personal items, while the colorful interior lining provides added visibility to personal items stored inside the bag. With two side water bottle pockets, padded shoulder straps, a convenient carry handle and sporty blue zipper pulls, the BTS Gravity backpack allows you to tote your laptop across campus in style.
